TO WHOM IT MAY CONCERN

Dear Sir/ Madam,

RE: RECOMMENDATION LETTER

It is my pleasure to recommend Tukamuhebwa Newton. He is currently pursuing a Diploma in Software Engineering at Sai Pali Institute of Technology and Management, where he distinguished himself by submitting exceptionally well researched and interesting projects during his semesters of studying (SE) at Sai Pali Institute of Technology and Management. He has learned: MS Office, C Programming, Object Oriented Programming using C++-1, Web Designing (HTML, CSS, JAVASCRIPT), Fundamentals of DBMS, Computer Networks & Communication, Object Oriented Programming Using C++II, PHP (Core PHP), Advanced PHP Technologies, Software Engineering & Project Management, Core Java, Relational Database, Management System (RDBMS), Operating System-Linux, System Analysis & Design, Project.

Overall, Newton is highly intelligent and has good analytical skills. He is an enthusiastic and progressive student with extremely high potentialities. Newton is not only quick at learning and good at solving complicated problems, but also has a logical and creative mind that enables him to raise some insightful views. I was also deeply impressed with his diligence and outstanding communication ability, compared with my other students.

I would therefore highly recommend Tukamuhebwa Newton. He would be an extremely positive asset to your company or organization.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.
